Office 365

Once you are in Office 365 you can download a copy of Microsoft Office on to up to 5 devices in your home. Just click 'install now'.
But don't do it today – it takes a while!

When you have installed the software you will need to sign in using your school email address and password.

When you first use a Microsoft office product you will be asked to register it.

Enter your student email and password to register then follow the prompts to sign in.

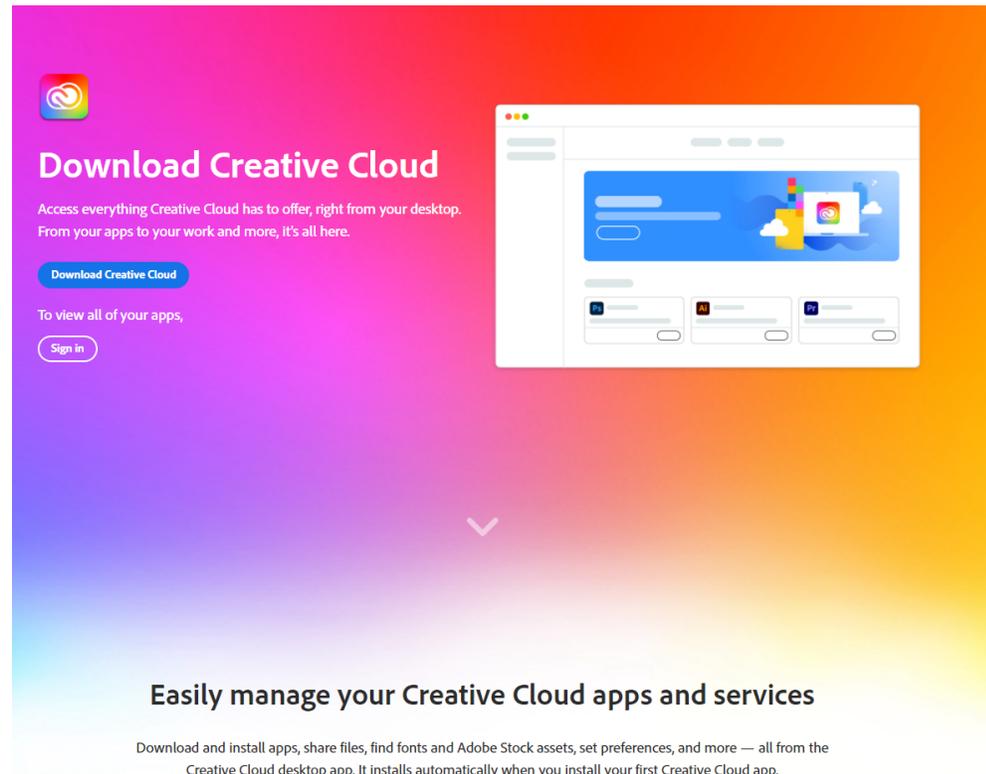

Adobe Products

As a DoE Student, you get Adobe
Products for free!

ADOBE CREATIVE CLOUD

To download adobe Creative Cloud go to this Website. <https://creativecommons.adobe.com/en/apps/download/creative-cloud>

The image shows a screenshot of the Adobe Creative Cloud download page. The background is a vibrant gradient of colors from purple to orange. In the top left corner, there is the Adobe logo. Below it, the text "Download Creative Cloud" is displayed in a bold, white font. Underneath, a smaller line of text reads "Access everything Creative Cloud has to offer, right from your desktop. From your apps to your work and more, it's all here." A prominent blue button with the text "Download Creative Cloud" is positioned below this. Further down, the text "To view all of your apps," is followed by a white "Sign in" button. To the right of the text, there is a white rectangular window showing a preview of the Creative Cloud desktop application interface, which includes a search bar, a grid of app icons, and a sidebar. At the bottom of the page, the text "Easily manage your Creative Cloud apps and services" is centered, followed by a smaller line of text: "Download and install apps, share files, find fonts and Adobe Stock assets, set preferences, and more — all from the Creative Cloud desktop app. It installs automatically when you install your first Creative Cloud app."

Once you have downloaded and installed Createtive cloud sign in with your student or staff email address & password.
